

# Embry-Riddle Aeronautical University

The Best Aviation and Aerospace University in the World is located here at Patrick AFB. At ERAU, what we do -- and do best -- is teach the science, practice, and business of the world of aviation and aerospace. The curriculum at Embry-Riddle covers the operation and management of modern aircraft and the systems that support them. We have also expanded into other branches of management to include technical, project, supply chain, industrial and global areas of concentrations.

We are where you are: ERAU provides instruction through more than 130 campuses in the United States, Europe, Canada, and the Middle East, and through online learning. All academic programs at Embry-Riddle are approved for veterans' educational benefits and are accompanied by personalized academic advisement. Our five terms per year, with evening classes meeting one time per week, fit into your busy life.

Call 321-783-5020 to make an appointment, visit us at Base Ed, our web site: [www.embryriddle.edu/spacecoast](http://www.embryriddle.edu/spacecoast) or scroll to page below to see our latest schedules and offerings. We're here to help you succeed in your educational and career goals.
