

# Base-Wide Mosquito Fogging Alert

## 45th CES Pest Management Notice

---

The **45th Civil Engineer Squadron (CES) Pest Management Section** will begin conducting **base-wide mosquito pesticide fogging operations twice per week** to help reduce the mosquito population.

### Target Days:

**Tuesdays and Thursdays**

⌚ **Time:** 1930 Hours (7:30 PM)

---

### Weather Contingency:

If **winds exceed 10 mph** or if it is **raining**, fogging will be postponed to the **next available day**.

---

## ● Safety First!

We are committed to eliminating as many mosquitoes as possible, **but your safety is our top priority!**

If you **see the fogging vehicle** in your immediate area:

- ✓ **Return indoors immediately**
- ⌚ **Remain indoors for approximately 30 minutes**

☞ The fogging operator will **pause operations** if individuals are in their path.

☞ Areas with visible foot traffic will be **skipped for safety**.

---
