AWARENESS

CLUB CARDS – The date has been extended out. We will continue billing monthly unless you prefer to pay annually then let us know. We do need to place a sticker on the expired cards also.

SAFETY CONCERN – Items left on the docks will be removed. You may come to the office and reserve a slot in the dinghy rack, keep them on your boat or take them home. DO NOT leave them on the docks as safety tripping hazards for our customers.

TRASH – Do not leave trash sitting outside the dumpsters! If it doesn't belong in the dumpster it is your responsibility to dispose of – not the Marina.

PARKING AREA - The car/truck parking spots around the docks are not a parking place for trailers, motor homes, covered cars and jet skis. Those out there need to be removed immediately. There is also a motorcycle (MILX08) with matching cargo trailer parked beside the bathhouse – please contact the office for identification.

DRY STORAGE – Customer concerns have been received about how others are parking their boats. **DO NOT** park your boats/trailers slanted in the spots – please be mindful and courteous of others. **DO NOT** encroach on other slots. They are limited and we cannot increase the size. It has been reported more and more that boats are not being parked correctly. You will be notified to come out and fix when these infringements are identified. These spots are designed for one asset (NOT two or more). Tucking in a small sailboat and or cargo trailer is not allowed. If you need more than one spot please come to the office. Our maintenance folks are working hard to make this better for you, please be an asset.

SEAWORTHY AND ROADWORTHY – Reviewing records for those who have not yet completed. We are setting the inspections/checks up for two separate times this year. They will be during Spring and Fall and avoid the hotter summer months.

If your birthday is **JANUARY** your registration needs renewed and so does our paperwork. Be responsible and update your paperwork in the office EVERY YEAR!!! For those who are already behind on updating your information, please get into the office ASAP. This is an ANNUAL requirement, please read your paperwork!

Dryer Vents – The dryer vents have been thoroughly cleaned. Yes, there was a lot of lint the length of the vents and thank you Robin for bringing it to our attention.

POLICY

In Mar 2022 – the Marina started undergoing a “Back to Basics”. During this time we have worked through necessary changes. We know everything will not be “like it was back in the day.” But we’re striving to make things better every day.

Options for our seasonal guest: (1) we have transient slips that are available for a daily stay NTE two weeks (2) we have an established live aboard policy and fees.

Wanting to stay on board your vessel more than 2 weeks? We can add you to our current waiting list. The current policy is for 2 liveaboards per dock, with no more than 12 total.

We strive to provide you a premier recreational membership Marina; we are not a residential Marina or Yacht Club.

Come visit our office or give us a call for more details.

Membership application forms are available at the bar and ship store and as fillable email forms on the Marina webpage at www.GoPatrickFL.com. We welcome your feedback and suggestions and are

committed to providing quality services, programs and activities where demand exists, and resources allow. Please email pafbmanateecovemarina@gmail.com. Manager: Cheryl Didier.
